

MOLO Bilingual Montessori School

PRIMARY PROGRAM

3 years – 6 years

At MOLO, our Primary Program nurtures children aged 3–6 during Dr. Maria Montessori’s “absorbent mind” years, with four core pillars rooted in Montessori philosophy to support their holistic growth.

In our Primary Program, children explore the world through purposeful, hands-on learning, guided by Montessori’s individualized approach. Our intentional three-year cycle (PK3, PK4, Kindergarten) boosts language development and real-world application, as children grow from youngest to oldest, stepping into leadership roles to mentor peers and build confidence.

WHY MOLO

AUTHENTIC MONTESSORI EDUCATION

- Three-year curriculum in Practical Life, Math, Sensorial, Language and Science/Culture
