

MOLO Bilingual Montessori School

INFANT & TODDLER PROGRAM

9 months – 18 months

MOLO's Infant Program (9–18 months) follows Montessori's Nido philosophy for the first plane of development. This critical period focuses on sensory exploration, movement development, secure attachment, and emerging independence. We provide a calm, gentle, prepared environment that respects babies' natural growth rhythm, supporting crawling, walking, hand-eye coordination and emotional safety, laying the softest foundation for lifelong learning.

WHY MOLO

AUTHENTIC MONTESSORI EDUCATION

- Montessori Nido core curriculum for sensitive periods
- Floor-level fine motor & sensory Montessori materials
- Routine-based learning: feeding, rest & daily care
- Nature interaction

CERTIFIED & EXPERIENCED TEACHERS

- Montessori- certified educators
- Extensive professional experience with babies 9–18 months
- Diverse multinational team & age-appropriate Chinese lessons
- Continuous infant care & Montessori professional training

TOP-NOTCH FACILITIES

- Safe, calm Montessori Nido prepared classrooms
- Indoor & outdoor gross motor development
- Soft play climbing structures
- Shaded outdoor play area & private classroom patio
